## RECTOR GRANT IS REBUKED BY **BISHOP BURCH**

Deplores Careless Talk and Use of Church for Radical Forum.

NO OFFICIAL ACTION.

Protests Use of Edifice for Speakers Who Are Opposed to the Government.

Bishop Charles Sumner Burch, who has made public his letter rebuking the Rev. Percy Stickney Grant, pasfor of the Church of the Ascension, will take no official action, agreeing that Dr. Grant has violated no law of the church in his radicalism. It was said to-day at the home of Dr. Grant that he is still confined to his bed, and could not comment on the Bishop's letter at this time

In making public his letter last night, Bishop Burch also gave out Dr. Grant's letter of January 15, explaining the latter's attitude. The Bishop's letter was dated January 19.

Although the Bishop related his personal friendship and affection for Dr. Grant, he dealt severely with the pastor. The Bishop concurred in the report of Dr. Grant's vestry, except

against the use of the consecrated building, dedicated to the worship of Almighty God, as a meeting place for a forum, to which are not infrequently nyited has speakers men who do not believe in God, who professedly see opposed to the Government, clearly showing their irreversee for constituted authority. I maintain that such use

# 2,361 NEW CASES HERE IN ONE DAY

Deaths Total Thirty-Three-Police Aid Work of Dr. Copeland.

Health Commissioner Copeland and Police Commissioner Enright joined to-day in making provisions against an enidemic of influenza if one should develop as indicated by reports of the ncrease of cases in the last few days. The Health Commissioner said he was satisfied that such "flu" as prevails was of a milder type than the

to-day totaled 2,361, with 364 cases of pneumonia. This compares with 1.332 influenza cases and 406 pneu-

scourge of last year and was not

nearly so frequently followed by

monia cames yesterday. Deaths from influenza to-day were hirty-three and from pneamonia ninely. Yesterday's deaths from influenza were twenty-three, and pneu-

monia seventy-nine. New cases of influenza and pneunonia were distributed in the various werometra na follows:

Manhattan-Influenza, 1,325; pneumonia, 207, Brooklyn - Influenza, 693; pneuonia, 100.

Bronx-Influenza, 225; pneumonia, Queens-Influenza, 51: pneumonia,

Richmond - Influenza, 37; pneu-

The total of influenza cases report d in the city since Jan. 1 is 5,941, with 129 deaths. There were 2,958 pneumonia, cases in the same time with 1,024 denths.

One line of defense has been pracically abandoned by advice of Dr. William H. Park of the Health Dethe outcome of eighteen months' called "influenza vaccine" is of no effect in influenza cases. Commisstoner Copeland explained:

CHICAGO, Jan. 24.-Virtually every "It does seem to have some value adical advocate of prominence in the in preventing pneumonia, but as United States to-day was scheduled pneumonia is an infrequent complito face trial in Chicago. # FALL PLAYS HAVOC ON TRANSIT LINES

ospital Ambulances Kept Busy Caring for People Hurt on Icy Walks.

An all-night fall of sleet, freezing as it fell, made perilous footing for all New Yorkers in the early hours. to-day and caused freworks displays on all outside transportation lines depending on contact power.

Ambulances were called from nearly every hospital in the city to care for persons shocked or breaking bones by falling on the sidewalks. Surface lines were blocked by stalled trucks drawn by horses whose owners had been too careless or stingy to sharp-shoe or pad their hoots. The elevated lines were demoralized, not so much by the interference of ice with power transmission as by the slowness with which timid passengers moved over station platforms, on which sleet froze over the sand sprinkled by the porters. The subway schedules were

A thaw setting in soon after daylight made the going a bit less uncertain, but promised liability to "flu," encouraged by wet feet and fumes of street slops.

William Siebert, General Superintendent of the B. R. T. and Brooklyn City surface lines, said that he had been obliged to diminish the number of cars because of the prevalence of colds and minor allments among the carmen due to the severe changes in the weather of the last two weeks. Five hundred of the 4,400 conductors and motormen of the systems, he said, were in care of company physicians.
